NSC Executive Committee Record of Action, December 6, 1962, 11:00 AM  
Meeting No. 33

1. Director McCone summarized the latest intelligence reports, calling [T.H.] attention to the apparent buildup of the Soviet communication system in Cuba. All IL28 bombers have been located at port or on ships [G/F] leaving Cuba.
2. The New York team reported on the current status of negotiations with the Russians, recommending revisions in our draft declaration on [I.C.] Cuba and a procedure aimed at concluding the negotiations promptly. [A&H]
3. Following a discussion of all aspects of our negotiating position, the President approved revised instructions to the New York team for their guidance during the next few days.
